FEROX™

Safety, Efficiency, and Cost-effectiveness!

Made by
Rennsli Corp., USA

<https://www.rennсли.com/>

Patented Technology

MEBS
GLOBAL LOGISTIX

Revolutionizing Industries Through Value-Driven Partnerships

FEROX™ is a product for all types of liquid fuels impacting key industries, including **Trucking, Farming, and Mining.**

MEBS
GLOBAL LOGISTIX

How It Works

When **FEROX™** is added to the fuel:

- it breaks down interconnected hydrocarbon chains that would otherwise hinder combustion
- It creates excellent fuel burn

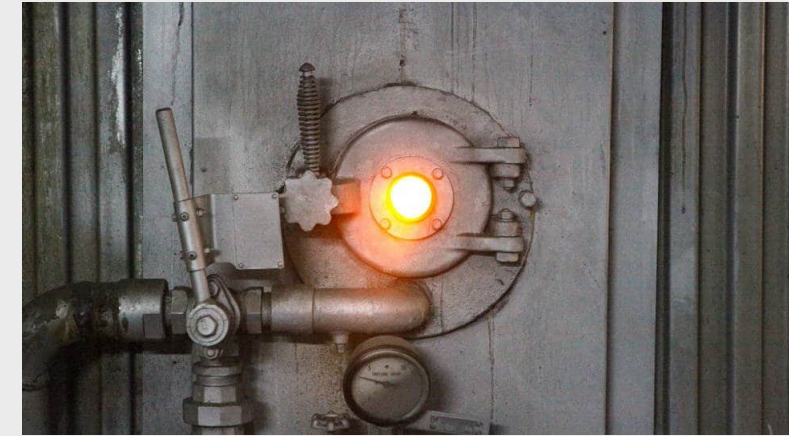

MEBS
GLOBAL LOGISTIX

Unleashing the Power of Combustion Catalyst Technology

FEROX™ measurably and drastically reduces harmful emissions such as **CO, SOx, NOx, and HC**

Decarboxylation effect, slowly burns away unburnt carbon deposits from the combustion area inside the engine.

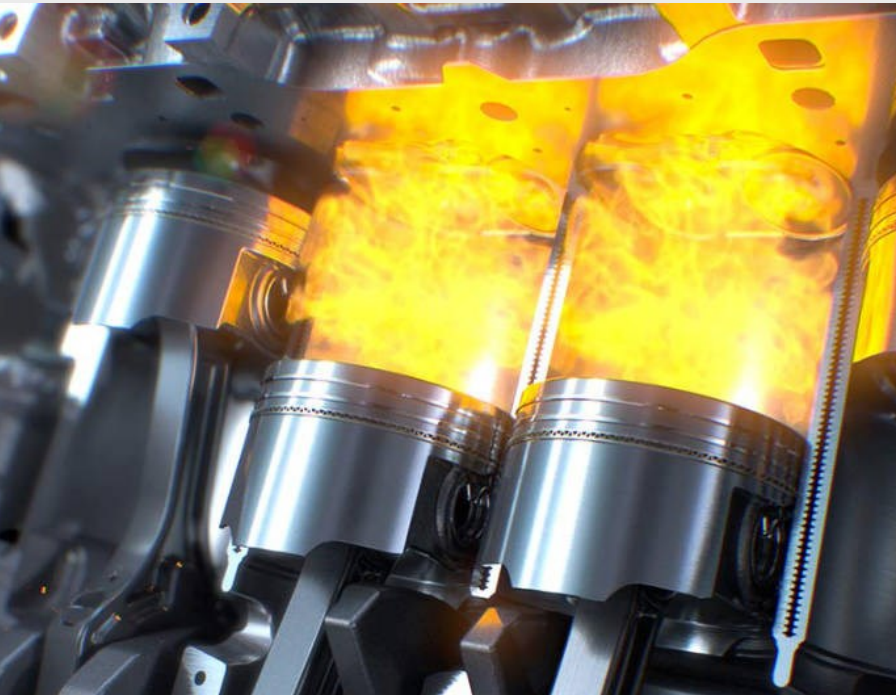

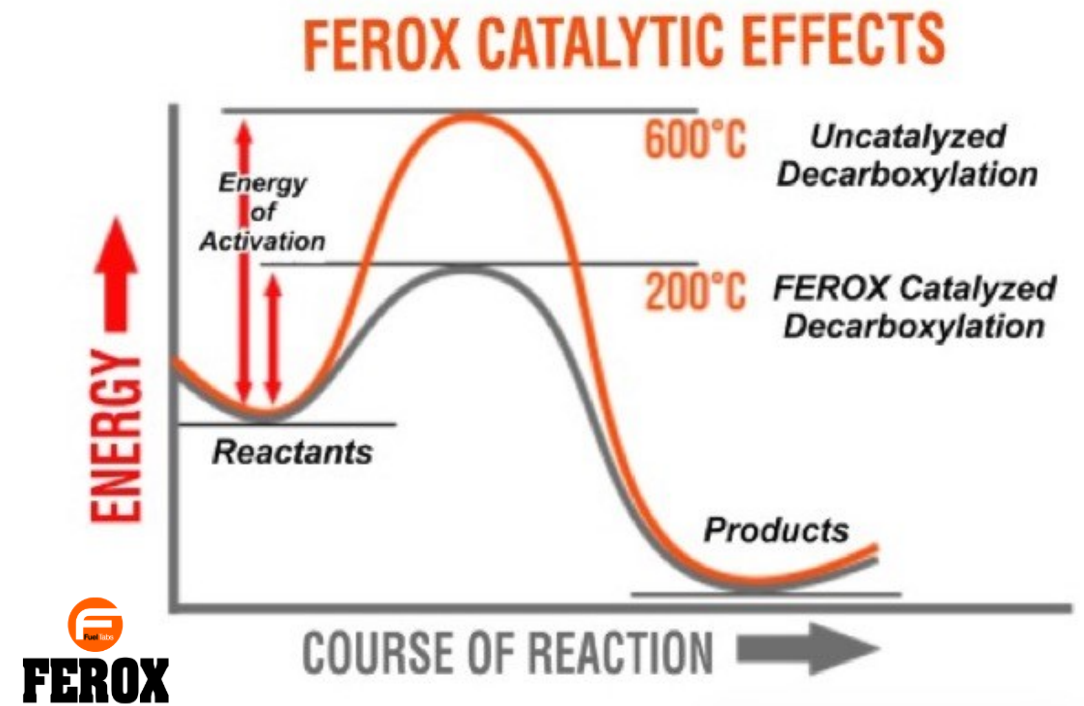

Key Benefits

- Maximized Efficiency
- Increased Horsepower
- Increased Torque
- Enhanced Fuel Economy
- Reduced Exhaust Temperature
- Emission Reduction

MEBS
GLOBAL LOGISTIX

Optimal Energy Conversion

- Typical engine combustion generates a temperature curve (1,200°C to 200°C).
- Inadequate combustion occurs when temperatures drop to around 600°C.
- FEROX™ achieves up to 99% complete fuel combustion.
- Enables optimal conversion of contained energy into heat.

MEBS
GLOBAL LOGISTIX

Enhanced Performance

For all types of liquid Fuels

- Diesel
 - Biofuels
 - Kerosene
 - Bunker
 - Ethanol
 - Methanol
 - LPG (Liquefied Petroleum Gas)
 - LNG (Liquefied Natural Gas)
 - Petrol
 - Heavy Fuel Oil
- Maintains standard fuel specifications
 - Keeps engine cleaner
 - Longer Oil Life
 - Decreases maintenance costs
 - Lowers emissions for cleaner exhaust system
 - Decreases AdBlue consumption by 50%
 - Engine manufacturer warranty remains intact

MEBS
GLOBAL LOGISTIX

- Non-Flammable,
- Non-Toxic & Biodegradable
- Easy Application & Minimal Storage

**More Power, More
Savings, Less
Emissions**

FEROX™

Usage Breakdown:

- 152,000 Litre in Powder Form
- 8,000 Litre Powder Form
- 2,000 Litre Powder Form
- 200 Litre in Tablet Form
- 75 Litre in Tablet Form
- 30 Litre Tablet Form

FEROXTM

Advanced Fuel Catalyst
